Dear Roger

Thank you for teaching with the English Language/Multicultural Program. As part of our program development, we regularly ask your students to complete course evaluations. The results provide a means to identify new course topics as well as to modify curriculum and scheduling. For these reasons, the evaluations play a critical role in our program's success.

We have copied the evaluation responses for a class you taught recently; copies are enclosed. We trust you will find this information helpful as you plan for future classes, and we are eager to hear ideas or comments you may glean from these copies.

Once again, thank you for teaching with University Extension. We look forward to more opportunities to work with you.

Sincerely,

Inna Zaltsmann
Program Assistant

Enclosure: Copies of Participant Evaluation Responses

Congratulations!
Very good evaluations!
